

Product Description & Specifications:

Features of the range include -

- The Rishabh range of Current Transformers include both solid core and split core units
- With 5A secondary connections, these compact units fit easily into most spaces requiring a CT
- From 30 to 2500A in solid core and 100 to 5000A in split core
- All come with sealable terminal covers
- Mounting options with each unit include, Busbar, cable and din mount
